

DIGITAL PRODUCER

AFRICANEWS has a unique opportunity for a Digital Producer to join our team. The successful candidate is innovative with strong social media experience combined with 2-3 years web/newsroom experience and solid news judgment. Qualified candidates will have experience dealing with citizen journalism, posting stories to digital-mobile-social platforms, working knowledge of online CMS software, strong video and photo-editing skills and the ability to work a flexible schedule.

Responsibilities

- Produce a program for television and Digital-Mobile-Social platforms
- Manage raw footage and material coming from our contributors
- Choose and pick content that is suitable for television
- Manage the Story Hunter section of Africanews.com
- Monitor our television and mobile properties and keep them updated via our online CMS

Qualifications

- Bachelor's Degree in journalism/communications or equivalent experience in the field
- 3-5 years web/newsroom/ production experience
- Fluent in both French & English
- Ability to work odd hours and flexible schedules on a short notice
- Knowledge of online CMS software (WordPress, blogger, BlogSpot, Tumblr)
- Social Media savvy
- Strong news judgment
- Excellent writing skills
- Strong video editing skills (experience using avid/final cut/premiere)
- Strong photo-editing skills (experience using Photoshop)
